\$2,000 Settlement Reached with Hole Shot Construction and Environmental, Inc.

Sacramento --- The California Department of Toxic Substances Control (DTSC) today announced a \$2,000 settlement with Hole Shot Construction and Environmental, Inc. (Hole Shot) for hazardous waste violations at its facility located at 6300 Seven Seas Avenue in Bakersfield. Hole Shot is a hazardous waste transporter.

Under terms of the Stipulation and Order (Order), signed on June 21, 2004, Hole Shot will pay \$2,000 to DTSC. A copy of the Order formalizing the settlement is available on the DTSC website at http://www.dtsc.ca.gov/HazardousWaste/Hole-Shot/Hole-Shot_ENF_STIP.pdf.

The settlement stems from a violation observed during an October 21, 2003 inspection at the Hole Shot facility. Hole Shot was cited for transporting hazardous waste without first receiving a registration certificate from DTSC.

Hole Shot has corrected the violation noted in the Order.
